Sir

Our Society had applied to the Bangalore City unicipality for an annual grant of Rs 500/- and the said amount was sanctioned by the Municipal Council and submitted to the Government for approval It is understood that the Government were pleased to reduce the grant to Rs 250/- per year

Owing to the high cost of everything including the uniforms for the staff the payment of Dearness allowance etc , and the increased work in Bangalore City for the Society owing to

the large number of animals used for conveyances owing to petrol scarcity the resources of the Society have been greatly strained The Society has also got to do propoganda work for which financial help is required The Society used to get voluntary contributions from Bodies like the Bangalore Race Club which has been suspended since two years owing to war For a big Municipality like the Bangalore City Municipality whose annual income is something like 25 lakhs of rupees an annual grant of Rs 500/- only is a trifle

In the Madras City I understand that the Government gives a grant of Rs 10,000/- to the S P C A The Bangalore C & M Station Municipality makes a grant of Rs 500/- per year to

Copy of Remarks by Sri Y Suryaprakasa Rao B A Vakil & Ex Secretary S P C A Anantapur in the Visitors Book of the S P K A Infirmary Malleswaram Bangalore on 12 12 1941

Casually passing along the road before this Infirmary this day I read the board in front of the building As a worker in this line and as the ex Secretary of the S P C A at Anantapur my curiosity was aroused and I stepped in My surprise knew no bounds when I found Dr M S Sastry who was the founder organiser and Hon Vetery Surgeon of the S P C A Anantapur in charge of this Infirmary

It is really creditable that the S P K A in the City which I learn is only 5 years old has been able to own an Infirmary of its own which is unique in the history of the S P C A in Southern India It is gratifying to learn that the Govt of Mysore has recognised this Institution as the Infirmary under the P C A Act for animals remanded by courts for care and treatment and also as a grant in aid Institution

The Doctor took me round and I was pleased to see that there are at present 7 bullocks 1 cow and 3 puppies as 1 patients I learn that out of these 8 are remanded cases that the other 3 have been kept to spend their retired lives

The present accommodation is I am afraid quite insufficient for the inpatients I understand that efforts are being made to enlist the sympathy of the rich and generous to supply the poor and suffering animals this need and also to improve the Infirmary generally

On my request the Doctor handed to me this book I was surprised to see that it was left to me to start noting my impressions in this book Perhaps this was left over to be done by an ex-Secretary and a worker in this line to make the beginning

I wish this institution and the Society a long useful career which I am sure they will certainly have under the guidance of the present Hon Vetery Surgeon Dr Sastry who is a well tried veteran worker and propogandist in this humanitarian cause

The Fifth Annual Report of the S P K A Bangalore City for the year 1941

In presenting the Fifth Annual Report to the General Body and the Public we have much pleasure in announcing yet another year of useful and hard work done

The Society notes with deepest re ret the sad news of the death of Mr M S Ramachandra Rao who was a member of the Executive Committee from the date the Society came into existence In his death we have lost a good friend and an energetic worker

MEETINGS —The Annual General Body meeting was held on the 29th August 1941 in the Y M C A Hall with the President of the Society in the chair when eleven members were present The Annual Report and the audited statment of accounts for the year 1940 were adopted the office bearers and members of the Executive Committee were elected and also the following amendment to the Bye-laws of the Society was duly moved and adopted To increase in memberships from 11 to 18 & Co opt the Hon Vet Sur eon as a member of the Executive Committee

MEMBERS —Membership has increased from 39 to 41 including one Life Member enrolled during the year The li t of Life Ordinary and As oci te Members and of Donor and Sympathisers is appended to this report showing the amount against each member paid during the year It is earnestly hoped that a large number of citizens will be pleased to enroll themselves as members of the Society and thus help it in its humanetarian work during the current year This can be easily achieved if every member now on the rolls tries to enrole at least half a dozen citizens in his or her turn

PROSECUTIONS —The number of cases prosecuted during the year hows an increase over that of the previous year The following statement shows the work done by the Society in this respect —

Total cases reported or prosecuted	1276
Cases convicted	744
Cases acquitted	10
Cases warned	504
Cases pending	18

In the case of owners who belon to the illiterate classes on wl om words of advice and warning prove ineffective pro ecutions are resorted to out of sheer necessity We have cases where the ame offender was prosecuted and fined or jailed six times within a quarter We still hope to reform him

CASES WARNED —Number of cases warned was 504

It may not be generally known to the public that before any offender is actually prosecuted he receives warnin from our Chief Inspector If he is seen to commit the same off nce by not taking any notice of the warnin he is charged Thu for every person prosecuted a great number are warned and instructed how to avoid cruelty and how to take care of their animals upon whom the livelihood of themselves and their families depends

TRIAL OF CRUELTY CASES —Formerly all cases of cruelty were tried by the Second City Magistrate Bangalore but from September 1941 such cases were transferred to the Court of Hon Magistrates The Magistrates have been most ympathetic and helpful to our Society and we are very grateful to them

CASES REMANDED TO THE INFIRMARY —26 animals concerned in cruelty cases were remanded by the Court to the S P K A Infirmary for care and treatment there durin the year All these cases were duly tr ated and di charged except one case (pony) whicl was repoi ted incurable and w s therefore detained in the Infirmary permanently This pony has been main tained by the Society ever since it was admitted into the Infirmary

VETERINARY

CASES REFERRED TO THE HON SURGEON FOR OPINION —13 animals concerned in cruelty cases were referred to the Hon Veterinary Surgeon for his opinion before prosecu tions were launched by the Society

OVERLOADING —The curse of overloading must be done away with And we need public support to do this The use of sick and injured animals and the overloadin of bags or human beings on Jatakas and single bullock carts still continue and this evil is found to be wide spread

Double bullock carts from far away villages come terribally overloaded and with the bullocks often in weak state Su h animals are given rest and fed in the infirmary before they are allowed to go back to the villages

The maximum weight for a sin le bullock carf is 1200 lbs with one driv r and 2400 lbs for a double bullock cart with good bullocks four passen ers with driver and no lu gage for a Jatka if the animal is in good condition Anything more than this is overloac The general public can help the Society by reporting such cases to the nearest Police Station or to our staff

ANIMALS RESCUED —

Ponies	9
Cow	1
Samall Cow Calf	1
Donkey	1
Turkey hen	1
Total	13

The ponies were old and abandoned by the owners and out of nine six died and three are in the Infirmary The cow was r cued from a butcher who was dragging it in her weak condition The calf rescued was only th ree days old and its mother h id been slaughtered The donkey with terrible wounds all over the body was r scued from street boys It got quite well and after a long time strayed away from the Infirmary and could not be traced The Turkey-hen was picked up on the road where it was being cruelly tre ted

STRAY DOGS —Since l st year these are destroyed by the electric Killer The method of catching str y dogs is still bad The men employed for this purpose have no definite instructions and they do no know their work They generally catch well cared dogs which is easier for them leaving the mangy and starved ones

CATTLE AND DOG POUNDS — Cattle and dog pounds are vi ited regularly by the Society Staff and matters which required attention were brought to the notice of the Authorities cor cerned Some much needed improvements were effected to the dog pound after the matter was brought to the notice of the authorities The dog pound is still without any facilities for water as there is not tap on the premises The man in charge is suppo ed to feed the dogs impounded there in once a day but it is still unsatisfactory as he feeds them any time he likes only ½ anna per day per dog is given which will not buy any food for even a rat Food must be given to these unfortunate animals twice a day and an nas two atleast must be alloted for each dog The dog pound nee s ood ventilation and good supervision

More frequent inspections are need by the higher officers of the Department

FOWLS EXPOSED FOR SALE —The fowls kept for sale are conveyed in baskets in a bad state They are brought in over crowded baskets kept on the tops of buses and subjected to the scarching sun or pouring rain for about ten to twelve hours In the market there is no proper place to expose them for sale They are either huddled up in a corner under b skets or locked up in small under ground rooms with no ventilation food or water This matter requires immedi ite attention

It is not uncommon to find people carrying fowls head down and legs tied up in the streets The staff and the members of the Society have always instructed the people not to use this cruel and unnatural method of carrying the birds

SHEDS AND SHELTERS —There is a great need for sheds and shelters for jutkas and bullock carts duri ng the hot p rt of the day and heavy rains in all the busy places It is hoped that the Municipality will take early steps to construct them

WATER TROUGHS —There are about 18 water troughs in the City Some are maintained by the generous publ c and some by the City Municip dity and about 7 by our Society These are kept filled with water The children and pul lic who dirty the water by washing clothes or their legs are charged but the nuisence is on the increase

PUBLIC CONVEYANCE DEPARTMENT — The jutka ponies are examined three times a week by the Hon Secretary before being licensed The condition of these ponies is improving gradually The bullocks especially those used in single bullock carts are in very bad condition 43 ponies of the hackney carriages were referred during the year to the Hon Vety Surgeon for his opinion as to their fitness or otherwise before licence was issued These ponies were also duly treated in the Infirmary

STAFF — The Society increased its staff during the year from 4 to 8 There are now —

Chief Inspector	1
Asst Inspector	3
Duffedars	3
Peon	1

The inspecting staff has maintained a high standard of supervision on drivers in giving better attention to their animals The Chief Inspector Mr Hussain Ali has been doing very good work in maintaining the efficiency and discipline of our staff The staff has been working satisfactorily

BEATS AND SHIFTS —The beats in the various sectors of the City are prepared by the Hon Secretary A night shift of one Duffedar and an assistant is arranged to detect case during nights when lame old or unfit animals are often used A number of such cases was prosecuted

Shifts on holidays have been arranged and found to be of much effect as carts men over load on holidays thinking that the S P K A staff will not be on duty

PROPOGANDA — Sree Sadhu H V Das visited all nearby villages on the days of shandies fairs and Jatras talked to the village people on the subject of Kindness to Animals illustrating with pictures and posters He also went to different Mundi Petas and through his efforts the treatment of bullocks there has some what improved He has done a lot of good to the donkeys in the dhobi ghats Owing to his efforts these poor beasts of burden are not now tied up in the sun while the dhobi and his family finish the washing We would like to get the help of such Sadhus who are much respected by the people They are also good workers as they take a lot of interest in Gorakshana and Ahimsa But we could not pay the travelling expenses for more than one during the year We however hope to do better next year

Books on Kindness to Animals were supplied to Educational Institutions for distribution there

FINANCE — The Society s receipts consisted of gracious grant of Rs 200 from His Highness the Maharaja of Mysore annual donation of Rs 150 from the Bangalore Race Club subscriptions from the members donations from sympathetic donors and half of the fines realised in cruelty cases

The Government was pleased to grant Rs 1720 annually in place of half of the fine realised but the Society while tendering its grateful thanks for this grant request the Government to increase the grant to make it equal to the amount of fines realised in the cruelty cases We respectfully submit our grateful thanks to His Highness the Maharaja of Mysore for his graciously continuing the grant of Rs 200 Our thanks are also due to the Bangalore Race Club for their annual donation of Rs 150

The Bangalore City Municipality did not renew the grant of Rs 200 for the year under report and this has left a gap in our programme of propoganda and publicity

A statement of receipts and charges has been attached to this report

THE INFIRMARY — The report on the working of the S P K A Infirmary during the year 1911 is appended to this report

Dr M S Sastry C B V C our Hon Veterinary Surgeon who is in charge of the Infirmary has effected improvements and has earned popularity amongst the people who bring their animals for treatment

GENERAL REMARKS — We offer our grateful thanks to all our members doctors and sympathisers the Superintendent of Police Bangalore City and his staff and the Civil Veterinary Department

It is gratifying to note that the work of the Society is coming to be more and more appreciated as judged by the interest taken by the public The original objects of the Society are to focus public attention on the necessity of being kind to animals and make people to be kind to them to take care of them and to treat them with kindness and consideration People who practice cruelty belong as a rule to the illiterate classes to whom educative and pursuasive measures have to be used to make them see the reason for being kind to the animals in their charge Most of them fail to see the reason why this Society should interfere when they have paid money to buy the animals to work for them They seem to think they have a right to treat the animal as they like treat them cruelly or over work them It will take many years for owners and drivers to realise that it is in their own interest to take good care of their animals feed them properly and not to over work them and that it does not pay to kill the goose that lays the golden eg At present we are lenient and try our best to educate them

The public is much to be blamed for not bringing case of cruelty when they see them and also for their indifference Often educated people are offenders allowing the cart they hire to be over loaded or allowing the animal to be beaten to make it go faster etc In such cases the man who is a party (by being the hirer) should also be prosecuted

We once again thank all those who have helped the Society during the year and we trust that the public will give their generous help to this Society to carry on the humane work for the welfare of dumb animals

11	Clo ing Balance	55	1	2
	Rs	1 309	8	10

The above figures include the transactions conducted independently by the Hon Veterinary Surgeon also the details of which are given in the Statement appended above

The expenditure over and below the receipts has been met out of the S P K A (general) funds as the Government grant towards Establishment charges was sanctioned only from 1st July 1941 The Infirmary has however at its credit a sum of Rs 50—1—2 (excluding the imprest on hand) comprising purely the Hospital fees A sum of Rs 50 out of the closing balance is deposited in the Postal Savings Bank and the balance of 0—1 2 retained on hand

There is much improvement in the maintenance of the accounts this time which is due to the whole hearted co-opertaion of the Hon Vety Surgeon

REPORT

OF

THE BANGALORE SOCIETY FOR THE PROMOTION OF KINDNESS TO ANIMALS

1939

Indian Press Bangalore Ltd

Society for Promotion of Kindness to Animals

brief report on the working of the Society for Promotion of Kindness to Animals in Bangalore City for the year 1939 —

Bangalore Branch

Chairman —

Mr A S R Chari

Honorary Secretaries —

Mrs A S R Chari
Mr M R Narasimha Iyengar

Honorary Treasurer —

Seth Mangoomal Lunidasing
Mr K Raghunatha Rao

The Society for Promotion of Kindness to Animals was started in Bangalore City in the year 1936 as a Branch of the State Society Mysore The Office is situated in Ooparpet Out Post Police Station Bangalore City

Staff —The staff of S I K A Bangalore branch consisted of two inspectors and one peon

Finance —The Society has received during the year as in previous years Rs 200 being the generous donation from His Highness the Maharaja of Mysore and Rs 150 from Bangalore Race Club

The City Municipality has sanctioned Rs 200 for the current year There were no new life members enrolled during the year, though the number of Annual Member have increased from 28 to 31 including sympathisers

The Committee is very glad to place on record their appreciation of the Police Department in helping the staff of the Society in the matter of prosecutions for cruelty to animals The total number of cases prose cuted warned and treated during the year under report was 610 and 95 cases were sent to the hospitals for rest and treatment to be kept as inpatients Under the existing Government Order half of the fine amounts realised by the 2nd City Magistrate s Court under Section 6 (a) etc viz , Rs 469 11 6 were paid to the Society during the year 1939

The Society employs a Salastry who gives free treatment to the animals for ordinary ailments His service was very helpful during the year

The Inspectors visit the cattle and dog pounds once a week and report if there is anything unusual and necessary actions were taken in such cases by the proper authorities

Six water troughs were kept in different places in the City area They are kept clean and filled with water and were much in need during the hot weather

The Society applied for an acre of land belonging to the City Municipality in Malleswaram to build a free dispensary and provide a place of rest to bullocl s and

horses when they are rescued from ill treatment We are glad to state that the land was granted to the Society free of cost and we tender our thanks to the City Municipality The *Gudli Puja* (turning the first sod of the earth) was performed on 26 4 1939 by Mr Balal rishniah then President of the City Municipality There was a big gathering of members and sympathisers on the occasion A building has been constructed to locate a dispensary and we hope to use it at a near date It will house a few animals which need rest and care In addition free treatment will be given to animals whose owners are unable to pay for the same

Of the two unserviceable bullocks which were taken by the Society in 1938 one died on 18 9 1939 of old age and the other is well cared for by the Society

The Society applied for about 20 acres of land in Mysore Road to build a Pinjrapole and Government were pleased to grant the same to the Society We record our grateful thanks for this generous gift The members are very busy in collecting funds to put up a building The Society is in urgent need of funds for want of funds the Society cannot employ more inspectors The two Inspectors employed at present cannot cope with the heavy work in a large place like Bangalore City We hope our finances will be better during the coming year

The State Humanitarian League was very helpful to our Society They helped us in many ways during the year and they raised funds to the extent of Rs 117

from the Marwari community of the C & M Station towards the building of the dispensary

A benefit Circus performance was given on the 20th November 1939 and a sum of Rs 80 was collected for the Pinjrapole building fund Professor Deval Circus sent a horse to be taken care by the Society on account of old age The Society took charge of the animal and it was looked after by Mr M R Narasimha Iyengar from November 1939 but the animal died of old age sometime ago

We thank the Secretary of the Mythic Society for placing the Daly Memorial Hall at our disposal for all our meetings

By order of the Committee
